ATLAS OLIVE OIL COMPANY – the GMP Manufacturer of OLIVIE Products

Atlas Olive Oil Company is a pioneer in Olive plantation and Olive Oil production in Morocco set up by the Aqallal Family in 1887 and it's now in its 4th generation.

Their estates are located in the dry areas of Morocco where they cultivate around 1000 Ha of olive orchards for over one million four hundred thousands olive trees.

EXPERIENCE, RESPECT AND KNOWLEDGE

With over 130 years of experience in olive tree growing, a respectful transformation process and a deep knowledge of the chemical properties of the Olive fruits as well as continued research in the healing properties of Olive, Atlas Olive Oil Company is able to produce both Extra Virgin Olive oils as well as Olive Polyphenols Dietary Supplement Products under the name of "OLIVIE" with an extraordinary antioxidant power.

OLIVIE's products not only contain hydroxytyrosol, but also tyrosol, oleuropein, oleocanthal, flavonoids, vanillic acids, caffeic acids that are different kinds of polyphenols. OLIVIE is a line of very complete products that also contain Vitamins and natural mineral substances.

The Olive Oil products of Atlas Olive Oil Company has been granted a number of Certifications worldwide.
